

Torqo & SureTorque Upgrade & Trade-In Program

Mesa Laboratories, Inc. is offering significant trade in values toward the purchase of a new Torqo or SureTorque analyzer for:

Obsolete Torqo and SureTorque Models Competitive Motorized Torque Analyzers Competitive Manual Torque Testers

Torqo II+

SureTorque

Why Upgrade ?

- While Mesa Labs provides best-in-class calibration & evaluation services for all Torqo and SureTorque units, repair services for the obsolete models may be impossible or expensive.
- Design innovation has been taken into account to improve the mechanics of measuring torque to provide customers with improved ergonomics, repeatability.
- Regulatory compliance support for FDA 21 CFR 210-211 & 820, USCPSC 16 CFR 1700, OSHA 29 CFR part 1910 and DOT 49 CFR 173, 178 regulations. Optional software to comply with 21 CFR part 11.
- Work with a more user-friendly touchscreen interface, reduce cycle time, take advantage of multiple communication options (Serial, USB, Ethernet).
- Improve compatibility with thin wall ROPP (Roll on pilfer proof) or plastic caps, smooth surface TEB (tamper evident band) closures, pouch, trigger spray, pump dispenser, child-resistant caps and uniquely shaped or lightweight bottles.
- Better support for existing and new test methods (release, closing/application, TEB, ROPP, strip, angle measurement and those listed in US Pharmacopeia Chapters 659, 661, 671, 1207, ISBT, ASTM standards)
- Add optional features to your torque analyzer, such as rotation monitoring, automatic product detection, digital topload monitoring, bottle clamping, closure gripping pressure monitoring, audio/visual alarm, full machine guard, etc.

Units Valid for Trade-In / Upgrade

- Legacy Torqo models (1502 & 1590)
- Legacy SureTorque models (ST-94, ST-100, ST-LAB, ST-120, BT-94, etc.)
- Competitive torque tester models

In order for the trade-in value to be applied on the quotation for a new unit, please provide the model number (i.e. 1502-30) as well as the serial number from the old analyzer. We will ship the new machine and you simply return the old unit to Mesa Labs. Mesa will also provide the first annual verification / re-calibration and NIST traceable certification with every trade-in at 50% off current pricing. The Torqo II+ and SureTorque analyzers include a full one-year warranty covering all parts and labor.

For more information on the Torque Trade-In Program or to request a quote, please contact torque@mesalabs.com or dial (303) 987-8000 to speak with a representative.

We look forward to continuing to serve the cap testing industry and our loyal customer base.

The Trade-In and Upgrade offer will expire March 30th, 2019
